## **LOFT'S PROFESSIONAL MIXTURES AND BLENDS**

### **TRI-PLEX BLUEGRASS BLEND**

*Characteristics:* A blend of three high quality Kentucky Bluegrass varieties that can be used as a premium sports turf or lawn turf in areas where adequate irrigation is available and heat and drought tolerance are not a major issue. All chosen varieties are from the MD/VA recommended list as specified by the latest edition of The University of Maryland's Turfgrass Technical Update #TT-77 (formally Agronomy Mimeo 77).

*Varieties:* Three (3) high quality Kentucky Bluegrass Varieties

*Seeding Rate:* 2#/1,000 sq.ft. or 130#/acre
