LOFT'S PROFESSIONAL MIXTURES AND BLENDS

ATHLETIC FIELD MIXTURE

Characteristics: A general purpose sports field mixture that features Rebel Turf-Type Tall Fescues, Perennial ryegrass and Kentucky bluegrass. It is a very durable mix that offers heat and drought tolerance. This mix is recommended on high use sites that have limited watering capabilities. All chosen varieties are from the MD/VA recommended list as specified by the latest edition of The University of Maryland's Turfgrass Technical Update #TT-77 (formally Agronomy Mimeo 77).

Varieties: 80% Turf-Type Tall Fescue (3 Rebel varieties)
10% Palmer III Perennial Ryegrass
10% Gold Rush Kentucky Bluegrass

Seeding Rate: 7#/1,000 sq.ft. or 300#/acre
