LOFT'S PROFESSIONAL MIXTURES AND BLENDS

REBEL SUPREME TALL FESCUE BLEND

Characteristics: A four way blend of tall fescue varieties that features the top varieties to better ensure superior turf areas. Use in sun or part shade in lawn and other turf areas where a high quality, drought tolerant turf is desired. Provides heat tolerance. All chosen varieties are from the MD/VA recommended list as specified by the latest edition of The University of Maryland's Turfgrass Technical Update #TT-77 (formally Agronomy Mimeo 77).

Varieties: Blend of four (4) premium Turf-Type Tall Fescue varieties. (2 Rebel Varieties)

Seeding Rate: 7-8#/1,000 sq.ft. or 300-350#/acre
